

# N8 IDENTITY - JOB PROFILE

## SOLUTION ENGINEER

### Position Summary

N8 Identity, Canada's leading identity and access management expert, is looking for a Solution Engineer to join its dynamic team. A member of our Professional Services department, the Solution Engineer will play a key role in the installation, integration and deployment of identity and access management solutions in client environments.

### Position Responsibilities

- Identity and Access Management (IAM) solution implementation
- Participate as part of a team to assist clients with the implementation of IAM solutions
- Support of existing clients and their IAM implementations
- Ongoing enhancements to N8 Identity's Employee Lifecycle Manager (ELM) product
- Assist in the identification, specification, design and sizing of new functions and features

### Qualifications

Excellent English communication skills (both written and verbal), a strong work ethic and a positive attitude are a must. In addition, the following qualifications are required:

- University degree, college diploma or minimum 3-5 years of relevant work experience
- Experience with in Microsoft AD software
- Experience with the following programming languages: Java, J2EE, BeanShell/JavaScript, JSP/Servlets, and SQL
- Experience with the following technologies: XML, SPML/SOAP, HTML, Web and Application Servers
- Experience setting up and installing software on both Windows and Unix (Linux, Sun, HP, AIX) platforms
- Experience with Databases (Oracle, Sybase, MSSQL, MySQL, etc)
- Experience with Directories (LDAP, AD)
- Excellent communication skills and experience working with clients and partners
- Demonstrated analytical and problem solving skills
- Flexibility to work at client locations - generally located within the GTA and occasionally elsewhere in Canada/US

## What Makes N8 Identity A Great Place to Work?

- You will never get bored in our fast-paced and challenging environment
- We are the largest dedicated IAM firm in Canada – you will work with experts at the cutting edge of the IAM industry
- We have a comprehensive benefits package and you can apply for enrollment right away

## N8 Identity Profile

N8 Identity delivers measurable business value through identity and access orchestration. N8 Identity's Employee Lifecycle Manager™ (ELM™) platform manages identity governance through the complete lifecycle of a user within an organization: onboarding, change in responsibility, ad-hoc self-service and offboarding. This proactive process-based solution provides improved compliance, security, visibility and decision support to business managers. Augmenting its clients' existing infrastructure, ELM™ is ready-to-use and delivered as a managed service, resulting in accelerated implementation and quicker time to value. N8 Identity is a privately held company headquartered in Burlington, Ontario. For more information, please visit [www.n8id.com](http://www.n8id.com)

## To Apply

While all applicants are thanked for their interest, only those chosen for interviews will be contacted.
