

N8 IDENTITY - JOB PROFILE

SOLUTION ENGINEER

Position Summary

N8 Identity, Canada's leading identity and access management expert, is looking for a Solution Engineer to join its dynamic team. A member of our Professional Services department, the Solution Engineer will play a key role in the installation, integration and deployment of identity and access management solutions in client environments.

Position Responsibilities

- Identity and Access Management (IAM) solution implementation
- Participate as part of a team to assist clients with the implementation of IAM solutions
- Support of existing clients and their IAM implementations
- Ongoing enhancements to N8 Identity's Employee Lifecycle Manager (ELM) product
- Assist in the identification, specification, design and sizing of new functions and features

Qualifications

Excellent English communication skills (both written and verbal), a strong work ethic and a positive attitude are a must. In addition, the following qualifications are required:

- University degree, college diploma or minimum 3-5 years of relevant work experience
- Experience with in Microsoft AD software
- Experience with the following programming languages: Java, J2EE, BeanShell/JavaScript, JSP/Servlets, and SQL
- Experience with the following technologies: XML, SPML/SOAP, HTML, Web and Application Servers
- Experience setting up and installing software on both Windows and Unix (Linux, Sun, HP, AIX) platforms
- Experience with Databases (Oracle, Sybase, MSSQL, MySQL, etc)
- Experience with Directories (LDAP, AD)
- Excellent communication skills and experience working with clients and partners
- Demonstrated analytical and problem solving skills
- Flexibility to work at client locations - generally located within the GTA and occasionally elsewhere in Canada/US

What Makes N8 Identity A Great Place to Work?

- You will never get bored in our fast-paced and challenging environment
- We are the largest dedicated IAM firm in Canada – you will work with experts at the cutting edge of the IAM industry
- We have a comprehensive benefits package and you can apply for enrollment right away

N8 Identity Profile

N8 Identity delivers measurable business value through identity and access orchestration. N8 Identity's Employee Lifecycle Manager™ (ELM™) platform manages identity governance through the complete lifecycle of a user within an organization: onboarding, change in responsibility, ad-hoc self-service and offboarding. This proactive process-based solution provides improved compliance, security, visibility and decision support to business managers. Augmenting its clients' existing infrastructure, ELM™ is ready-to-use and delivered as a managed service, resulting in accelerated implementation and quicker time to value. N8 Identity is a privately held company headquartered in Burlington, Ontario. For more information, please visit www.n8id.com

To Apply

While all applicants are thanked for their interest, only those chosen for interviews will be contacted.
